Substitute Bill Comparative Synopsis

Sub. H.B. 67

133rd General Assembly

House Commerce and Labor

Amanda George Goodman, Attorney

This table summarizes how the latest substitute version of the bill differs from the immediately preceding version. It addresses only the topics on which the two versions differ substantively. It does not list topics on which the two bills are substantively the same.

The As Introduced version of H.B. 67 creates a program that allows a veterinarian to receive continuing education credits if the veterinarian performs free spaying and neutering services. The latest version, I_133_0512-2, removes all provisions in the As Introduced version. Instead, it creates the Veterinarian Student Debt Assistance Program. Under the program, the State Veterinary Medical Licensing Board may agree to repay all or part of any educational loans taken out by a veterinarian if the veterinarian has performed charitable veterinarian services and agrees to perform additional charitable veterinarian services while enrolled in the program.
