Synopsis of Senate Committee Amendments

(This synopsis does not address amendments that may have been adopted on the Senate Floor.)

H.B. 114 of the 136th General Assembly

Senate Education

Mariah M. Parr, Attorney

The committee made the following changes to the House-passed version of the bill:

- Requires the Department of Education and Workforce to review the scores on the 2024-2025 biology end-of-course exam to determine which students were affected by a scoring error and increase those students' scores accordingly.
- Requires the school district or school in which a student was enrolled in the 2024-2025 school year to award the student a science seal or honors diploma seal, if the corrected score qualifies the student for that seal.
