

# OHIO LEGISLATIVE SERVICE COMMISSION

Tom Middleton

---

## Fiscal Note & Local Impact Statement

**Bill:** H.B. 330 of the 132nd G.A.

**Status:** As Reported by House Transportation and Public Safety

**Sponsor:** Rep. Rogers

**Local Impact Statement Procedure Required:** No

**Subject:** Designates the Patrolman Jason Gresko Memorial Highway

---

As a result of the bill, the Ohio Department of Transportation (ODOT) will incur a minimal cost for producing memorial signs, and the city of Willoughby will incur minimal costs for installing them. Specifically, the bill designates a span of State Route 91 within Willoughby (Lake County) as the Patrolman Jason Gresko Memorial Highway.

If a memorial highway begins or ends inside of a municipality, ODOT produces the signs for the city or village and may request reimbursement for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the cities and villages where the memorial highway is located. According to ODOT, the cost of producing and installing a set of signs for memorial highways and bridges is approximately \$350 to \$400, including materials and labor. For this memorial highway, the cost would thus be shared between the Department and the city of Willoughby. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
