Version: As Reported by House Transportation and Public Safety

Primary Sponsor: Rep. Wiggam

Local Impact Statement Procedure Required: No

Jared Cape, Budget Analyst

The Ohio Department of Transportation (ODOT) will incur about \$850 in costs for producing memorial signs for this memorial highway and the village of Shreve will incur minimal costs for installing them. Specifically, the bill designates the portion of State Route 226 between the intersections with State Route 514 and the road location in front of Triway High School in the village of Shreve within Warren County as the Wayne County Gold Star Family Memorial Highway.

If a memorial marker is to be located inside of a municipality, ODOT produces the signs and may request reimbursement from the municipality for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the municipality where the memorial marker is to be located. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
