The Ohio Department of Transportation (ODOT) will incur about \$350 to \$400 in costs for producing and installing memorial signs for this bridge. Specifically, the bill designates the bridge spanning the Maumee River on State Route 109 in Henry County as the Damascus Bridge.

If a memorial marker is to be located on a road or bridge outside of municipal boundaries, ODOT produces and installs the signs. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
