University and college lease agreements with nonpublic vendors

Specifies that lease agreements between state institutions of higher education and nonpublic vendors regarding campus housing facilities (1) may require a vendor to improve existing campus housing facilities, and (2) may be for a term of not more than 75 years, rather than 30 years as under current law.

Specifies also that any campus housing facilities included in a lease agreement retain an exemption from property taxes and assessments.

College Credit Plus program informational sessions

Requires each public high school and participating private high school to permit a university or college that participates in the College Credit Plus (CCP) program and is located within 30 miles of the school, or the next closest one if none are within that distance, to attend annual informational sessions about CCP if the university or college requests to attend.
