### SUMMARY

- Requires a child care provider licensed by the Ohio Department of Job and Family Services to notify parents if the Department determines that an act or omission of the provider constitutes a serious risk noncompliance.

### DETAILED ANALYSIS

#### Notice to parents

The bill requires a child care provider licensed by the Ohio Department of Job and Family Services (ODJFS) to notify the caretaker parent of each child receiving care from the provider of a determination made by ODJFS that an act or omission of the provider constitutes a serious risk noncompliance.<sup>1</sup> Existing law defines serious risk noncompliance as “a licensure or certification rule violation that leads to a great risk of harm to, or death of, a child, and is observable, not inferable.”<sup>2</sup> All of the following apply to the notice required by the bill:

1. It must be given to caretaker parents not later than 15 business days after ODJFS informs the provider of its determination, or, if the provider requests a review of the determination, within five business days after ODJFS completes its review.
2. It may be furnished in writing or electronically.
3. It must include a statement informing each caretaker parent of ODJFS’s website and the location of more information about the determination.
4. A copy of the notice furnished to caretaker parents must also be provided to ODJFS.<sup>3</sup>

## Summary suspension

The bill specifies that its requirements for parental notice do not apply in the event that ODJFS suspends the provider's license without a prior hearing, sometimes referred to as a summary suspension.<sup>4</sup> Existing law authorizes ODJFS to issue a summary suspension in specified circumstances, including if it determines that the licensed provider created a serious risk to the health or safety of a child receiving care that resulted or could have resulted in a child's death or injury.<sup>5</sup> When a summary suspension order is issued, the licensee is prohibited from providing child care and must inform the caretaker parent of each child receiving care of the suspension.<sup>6</sup>

## Rulemaking

The bill requires the ODJFS Director to adopt rules to enforce its provisions.<sup>7</sup>

## Types of child care providers affected

The providers subject to the bill are as follows: child day-care centers, type A family day-care homes, and licensed type B family day-care homes.<sup>8</sup> The bill does not apply to family day-care homes that do not offer publicly funded child care and, therefore, are not required to be licensed, or to in-home aides, regardless of whether they are certified to provide publicly funded child care. The table below briefly describes each type of regulated child care provider.
