The bill appears to have no direct fiscal effect on the state or political subdivisions. It amends H.B. 529 of the 132nd General Assembly, the current capital appropriations act, to increase debt-supported capital appropriation and bonding authority for school facilities projects by $100 million for the FY 2019-FY 2020 capital biennium, which is nearly over. Identical provisions were enacted in H.B. 166 of the 133rd General Assembly.
