The Ohio Department of Transportation (ODOT) will incur about \$500 in costs for producing signs for this memorial highway and the city of Lebanon will incur minimal costs for installing them. Specifically, the bill designates a stretch on State Route 123 within the city of Lebanon in Warren County as the Officer Ciera N. Greene Memorial Highway.

If a memorial marker is to be located inside of a municipality, ODOT produces the signs and may request reimbursement from the municipality for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the municipality where the memorial marker is to be located. Two markers are usually installed, one in each direction at each location. Once a set of signs are installed, there are typically no maintenance costs unless the signs are damaged. Signs need to be replaced every 12 to 15 years.
