The bill has no direct fiscal effect on the state or political subdivisions. The bill repeals the statutory provisions that specify the types of cases that may be referred to the Drug Court of the Hamilton County Court of Common Pleas. For the Drug Court, the repeal of these provisions modernizes its operations by giving more flexibility in the types of cases it may address and removing limitations to certification by the Supreme Court of Ohio as operating a specialized docket program. The latter may make the Drug Court eligible for additional state and federal grants.
