The Ohio Department of Transportation (ODOT) will incur about \$500 in costs for producing memorial signs for this memorial highway and municipal corporations may incur minimal costs for installing them. Specifically, the bill adds an additional designation for U.S. Route 20 extending across the northern portion of the state. Under current law the highway is designated as the "General McPherson Highway." Under the bill U.S. 20 would be known by both the current designation and as the "Ohio Medal of Honor Highway." U.S. Route 20 passes through the counties of Ashtabula, Cuyahoga, Fulton, Huron, Lake, Lorain, Lucas, Sandusky, Williams, and Wood and through the municipal corporations and villages shown in the table below.

If a memorial marker is to be located inside of a municipality, ODOT produces the signs and may request reimbursement from the municipality for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the municipality where the memorial marker is to be located. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
