DETAILED ANALYSIS

Ohio River Commission of Ohio

The bill creates the Ohio River Commission of Ohio within the Department of Development to develop and promote economic development, marine cargo terminal operations, and travel and tourism on the Ohio River and its tributaries. It specifies that the Commission consists of the following members:

1. The Director of Development, or the Director's designee, who serves as chairperson;
2. The Director of Transportation, or the Director's designee;
3. The Director of Natural Resources, or the Director's designee;
4. Two members, who are Ohio residents or a designee of a business licensed in Ohio, representing the general public – one appointed by the Senate President and one appointed by the Speaker of the House; and
5. Six members, who are Ohio residents or a designee of a business licensed in Ohio, appointed by the Governor with the advice and consent of the Senate (with up to three from the same political party) as follows:
 - a. Three who represent private industry associated or affiliated with marine cargo terminal operations on the Ohio River; and
 - b. Three who represent private industry possessing experience in marine cargo terminal operations or travel and tourism on the Ohio River.¹

The bill requires members to be reimbursed for actual expenses incurred in performance of their duties.²

Additionally, it specifies all of the following concerning the Commission's organization and structure:

- **Initial appointments:** within 60 days after the bill's effective date, the Governor must make initial appointments to the Commission. Of the initial appointments, three members must be for a term ending two years after the bill's effective date and three must be for a term ending four years after that date.
- **Vacancies:** vacancies are filled in the same manner as original appointments and any member appointed to fill a vacancy must have the same qualifications as the member's predecessor.

¹ R.C. 122.29(A) and (B)(1).

² R.C. 122.29(B)(2).

- **Terms:** each term is generally four years and ends on the same month and day as the preceding term. Each appointed member must hold office from the appointment date until the end of the term. Any member appointed to fill a vacancy before the expiration of the predecessor's term must hold office for the remainder of that term. Any appointed member must continue in office subsequent to the term's expiration date until the member's successor takes office, or for an additional 60 days, whichever occurs first.
- **Reappointment:** all members are eligible for reappointment.
- **Quorum:** six members constitute a quorum. The affirmative vote of a majority of the quorum is necessary for any action taken by the Commission. No vacancy in the membership of the Commission impairs the rights of a quorum to exercise all the rights and perform all the duties of the Commission.
- **Ethics:** all Commission members are subject to Ohio's laws governing the ethics standards and requirements of public officers.³
