Highlights

- The state or political subdivisions are unlikely to experience a direct fiscal impact as a result of the provisions prohibiting landlord or association restrictions barring the display of a thin blue line flag or emblem on a tenant's rental property or owner's property when the flag or emblem is displayed in accordance with specified requirements.

Detailed Analysis

Display of thin blue line flag or emblem

The bill specifies that a tenant with a rental agreement or tenant residing in a manufactured home park, or a property owner or resident subject to neighborhood or condominium association rules, may not be prevented from displaying a thin blue line flag or emblem. These provisions are unlikely to have any fiscal impact on the state or political subdivisions. The provisions in the bill mirror those that exist in current law regarding the display of service flags and POW/MIA flags.

The bill makes several state designations that have no direct fiscal effect on the state or local political subdivisions. The bill designates:
