## CONTENT AND OPERATION

### SmartOhio Program

The act requires the Chancellor of Higher Education to create the SmartOhio Financial Literacy Pilot Program at the University of Cincinnati to operate for the 2016-2017 school year. The Chancellor must provide funding, as appropriated by the General Assembly (see "**Appropriations**," below), for the development and implementation of regional financial education programs with the goal of increasing financial literacy for students in grades K-8.<sup>1</sup>

The act requires that the regional financial education programs be operated by the University of Cincinnati and delivered through a joint partnership between the Ohio Council on Economic Education, a not-for-profit educational organization that works to ensure meaningful curriculum standards for increased economic understanding,<sup>2</sup> and OSU Extension, an educational entity connected with the Ohio State University.<sup>3</sup> The partnership must do both of the following:

- Develop curricula and instructional materials that:
  - Provide age-appropriate education to students in grades K-8 to promote financial literacy at an early age;
  - Enable students to develop the skills necessary to develop and maintain a budget, understand credit and investments, and use the banking system; and
  - Integrate financial literacy education into the curriculum on math and English language arts.
- Provide teacher training and professional development opportunities on these curricula and instructional materials to enable teachers across the state to provide financial literacy education to students in grades K-8.<sup>4</sup>

## Shared Governance on Co-Located Campuses Task Force

The act establishes the Task Force for Creating Opportunities for Shared Governance on Co-Located Campuses. A co-located campus is one in which a community college and regional branch of a four-year institution of higher education are located on the same or adjoining campuses. The model created by the Task Force is to emphasize shared administration, student services, maintenance, facility usage, and other shared governance to better serve the students while preserving the individual academic missions of the college and institution.<sup>5</sup>

The Task Force is to consist of the following nine members:

- A member of the Senate appointed by the Senate President;
- A member of the House of Representatives appointed by the Speaker;
- A member of the Ohio Board of Regents appointed by the Governor, which member will serve as chairperson of the Task Force;
