Fiscal Note & Local Impact Statement

Bill: H.B. 529 of the 132nd G.A.

Status: As Reported by House Finance

Sponsor: Rep. Ryan

Local Impact Statement Procedure Required: No

Subject: Capital appropriations and reappropriations for the FY 2019-FY 2020 biennium and other changes

State & Local Fiscal Analysis

Capital appropriations and reappropriations

The bill makes capital appropriations totaling \$2.63 billion for the FY 2019-FY 2020 biennium. LSC's [Capital Item Analysis](#)¹ provides summary reports and detailed information on capital appropriations. The bill also reappropriates approximately \$1.26 billion in capital funds for the FY 2019-FY 2020 biennium. This amount represents an estimate of available appropriations on July 1, 2018. Generally, the actual reappropriations will be equal to the actual appropriations available on July 1, 2018. These capital reappropriations are summarized in the tables at the end of this Fiscal Note. The first table presents the estimated amounts by fund. The second table presents the estimated amounts by fund and agency.

Distributions for SCIP grants and loans

The bill provides an additional \$350 million (\$175 million annually) in grant and loan funding for program years (PYs) 31 and 32 of the State Capital Improvements Program (SCIP) overseen by the Public Works Commission (PWC) under capital line item C15000, Local Public Infrastructure/State CIP. The bill changes the percentage of this funding that is distributed in the form of loans, local debt support, and credit enhancements from *exactly* 10% of the funding, as under current law, to *at least* 10% of the funding. Under current law, this means \$17.5 million (\$175 million × 10%) annually would be distributed for loans, local debt support, or credit enhancements and \$157.5 million annually would be distributed for grants. If PWC distributes more than 10% of annual funding for loans, local debt support, or credit enhancements, this would result in a corresponding decrease in funding available for grants.

Any potential increase in loan funding awarded as a result of this change would result in a rise in future revenue from loan repayments deposited into the State Capital Improvements Revolving Loan Fund (Fund 7040). This is the fund used to award

additional loans for SCIP-eligible projects through capital line item C15030, Revolving Loan. The bill appropriates \$89.0 million for revolving loans under this capital line item.

Cash transfer to the Public School Building Fund (Fund 7021)

The bill requires, on the effective date of the bill, or as soon as possible thereafter, the Director of Budget and Management to transfer up to \$45.0 million cash from the Research and Development Loan Fund (Fund 7010) and up to \$30.0 million cash from the Innovation Ohio Loan Fund (Fund 7009) to the Public School Building Fund (Fund 7021). The bill appropriates \$75.0 million from Fund 7021 appropriation item C23001, Public School Buildings, to be used, along with appropriations from the Lottery Profits Education Fund (Fund 7017) and the School Building Assistance Fund (Fund 7032), by the Facilities Construction Commission (FCC) to provide the state share of basic project costs to school districts participating in FCC's school facilities programs.

IT systems financing arrangements

The bill allows the state to enter lease-purchase agreements to finance or refinance certain IT systems operated by the Department of Administrative Services (DAS), the Department of Taxation (TAX), and the Ohio Department of Job and Family Services (ODJFS). Among all three systems, the total amount of such authorized financing is \$55.6 million. At the applicable agency's request, the bill requires the Office of Budget and Management (OBM) to make arrangements for the issuance of obligations, including fractionalized interests in public obligations to finance the systems provided that the obligations do not exceed certain amounts specified by the bill. These financial instruments are commonly referred to as Certificates of Participation (COPS). Those amounts and the applicable systems are shown in the table below.

Table 1. IT System Financing Allowances for COPS under H.B. 529		
Agency	System	Maximum Allowed
DAS	Enterprise Data Center Solutions (EDCS)	\$29,594,850
	Ohio Administrative Knowledge System (OAKS)	
TAX	State Taxation Accounting and Revenue System (STARS)	\$12,000,000
ODJFS	Unemployment Insurance System (UIS)	\$14,030,000
TOTAL		\$55,624,850

Montgomery County land conveyance

The bill allows state-owned real estate located in Montgomery County under the jurisdiction of the Ohio Department of Developmental Disabilities to be conveyed to the Montgomery County Alcohol, Drug Addiction, and Mental Health Services Board or an alternate purchaser. The bill requires the proceeds of the sale to be credited to the Mental Health Facilities Improvement Fund (Fund 7033) or another fund designated by the Director of Budget and Management.
